

HOMWORK PRACTICE - Parent/Student Reading Vocabulary

Lesson 10 — Please return this sheet **DAILY** or on **FRIDAY** (Teacher circles time interval)

Attention Parents: Please take 3-5 minutes each night to practice one or more columns of words with your child. The four columns below show the special reading vocabulary words we are working hard in learning this week at school. While our class does practice the 7 daily words with various activities, parents can help greatly by insuring their child has mastered the words by following the steps below for a few minutes each evening. These words have been professionally researched and identified as being critical for Grade 3 students to learn. Being able to read grade level reading words correctly and easily (also known as “fluency”) will dramatically improve your child’s comprehension and greatly improve test scores. The first 6 words in each column typically share a common sound or reading rule. The 7th word in each column is typically a more difficult word due to having an irregular sound or inconsistencies with the reading rule.

FINAL FRIDAY TEST: Being able to read the 28 words above with no errors in 20-24 seconds (for average students) and less than 20 seconds (for above average students) will dramatically improve your child’s ability to comprehend when reading books or taking tests. Timing is not mandatory, but does increase motivation and interest. If you do not have a “timer” on your watch but do have an Internet connection, you can access our electronic STOPWATCH at www.readingkey.com/stopwatch

PARENTS: If you do choose to “time” your student on the week’s reading words, place an “X” in the box for how long it took your child to say the words. Return paper to school either daily or on Friday as requested.
